LETTER OF RECOMMENDATION

It is my pleasure to provide this letter of recommendation for Lidl Arena, a venue that has become an essential part of the local football and sports community. As the CEO of RFS, I have had the opportunity to observe and appreciate the impact that well-managed football infrastructure can have on both the sport and the broader community.

Lidl Arena stands out as a modern and welcoming facility that brings people together through football. With its well-designed space and strong organizational capabilities, it has successfully hosted a wide range of events, from grassroots tournaments to community gatherings. Their commitment to accessibility and inclusivity makes Lidl Arena a key contributor to the development of football culture.

I confidently recommend Lidl Arena for future collaborations. Their professionalism and commitment to growing football in a meaningful way make them a valuable asset to any project. Please feel free to contact me if further information is needed.
